DEMO INFO

Audiomoves is looking to release a range of musical styles. The common theme will be that all releases are original, quality works by artists who truly believe in their creative ability.

It is great that you are thinking about sending your music to Audiomoves as a demo. Before you do, read the following guidelines as these will help you to follow our demo policy:

- Music must be of a high production quality
- Music must have been previously unreleased
- You are an artist that is prepared to promote your music
- You have a web presence and your own artist webpage(s)
- You have ways to inform your fan base that you have release with audiomoves (e.g., mailing list)

In terms of actually having your music considered you must deliver the music as follows:

- Send an email with a link to 2 tracks hosted on your own website.
- Please do not send mp3 files direct to our mail box these will be deleted.
- Please do not send links to files hosted by sendspace or yousendit.
- Send a short bio/description of your work and any previous releases.

Please wait two to three weeks to receive a response from us. We will listen to all demos sent in the correct format.

Best wishes
